**3 & 4 year old grant:** Ealing Council announced later part of last year that the Government have assessed Ealing to be classified as NOT high need borough, in terms of volume of deprivation and families in need. In order to support other London boroughs that have greater need for vulnerable children and families, Ealing's hourly rate for the grant will be reduced, currently we receive £4.64 per hour, however, this will be lower from the new financial year. As a service this will mean, Consumable charge amount will change!

### Take Home Meals
